## DECLARATION BY PRIMARY APPLICANT AND MIGRATION AGENT

*You and Your Agent (if you are using a migration agent) must read through each of these limitations before checking and signing your declaration document.*

### Limitations

Visa nomination is only one element of obtaining a visa to Australia under the Skilled stream of the Migration Program. The Victorian Government treat all applications for visa nomination on their merits. In acknowledging the limitations of visa nomination, the primary applicant or agent acting on their behalf is aware that:

- The Government of Australia, not the States or Territories, has sole responsibility for granting visas to enter or stay in Australia.
- Visa nomination of an applicant by the Victorian Government does not constitute the granting of a visa to enter or stay in Australia.
- Approval of visa nomination by the Victorian Government does not in any way imply that a visa application will be approved by the Government of Australia.
- Australian Government, not the States or Territories has sole responsibility for providing unemployment benefits. No unemployment benefits are available to skilled migrants until they have been a permanent resident of Australia for two years.
